

Biscuit Heartsill

15 Jan 2008 – 20 Nov 2024

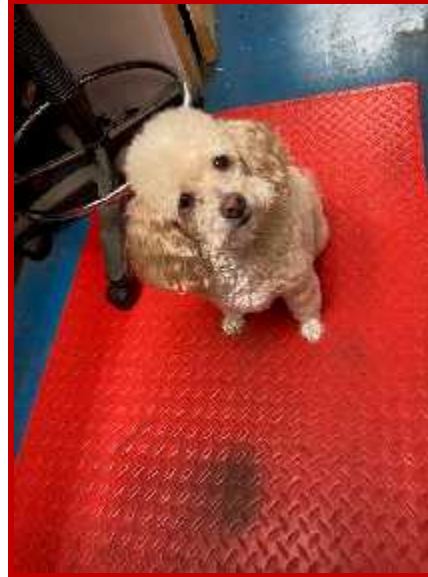

From the kind folks at **Dove Creek Animal Hospital** in Denton

– these examples are the packaged covers for some of the medicines made ready for Biscuit.

Biscuit came to us as a three month old puppy and Jeanne and I kept him together till she left us in February of 2014 so the last ten years or so he has been with me. **Thanks to Kelly, Lisa, Jackie, Kim, Kevin, and Randy for this help.**

The last part of this time Biscuit and I were pretty much good buddies enjoying our later years as he grew almost as old as I am now – almost! As a matter of fact he would have been 17 in two months.

The blessing in all this is the joy of having Biscuit with me all this time – especially these last years – I cannot tell you how important and how much he meant to me...and he never did get too far away from me. The blessing, the joy, the time spent just being together...He really liked to go bye-bye in the truck!

Biscuit did write a paper. Please see my Web site www.gheart.net and look in the Das letzte hurra! folder for "My name is Biscuit." He can articulate the sentiment of all this better than I can.

Will tell you...when I die, I am going to go to where Biscuit is.
