

TO: A Select Few of my Friends
FR: Gary Heartsill
SU: "The Great Reset"
DA: 30 November 2020

This memo is to show in three documents and one file just where the presently elected folks may be taking us – if they get past 74 million of us upset voters.

This won't take long but I have again saved you some reading time and have formatted and highlighted the quickest way to see just how far these people have gone to RESET us and have provided the documents as 'evidence' AND proof at what they are trying to do. I hope you will be as upset as I am.

During WWII the submarines would shout certain commands when danger appeared at sea. A US submarine skipper while surfaced and sensing danger would bark "Lookouts below, clear the bridge, DIVE! DIVE! DIVE!" A German U-boat commander would say "ALARM! ALARM! ALARM! A US pilot of an airplane in trouble might announce over the radio "MADAY, MADAY, MAYDAY."

So what word(s) do we profess, shout, or bark as our country is getting ready to go off the cliff into the abyss with the professed "Great Reset" being raised by the left progressives (there are other stronger names)?

You must decide. I am just shooting off this big red flare or Roman Candle signaling we got a problem and here is. Here are four examples for you to look at. One is this intro, two is the Peter Koenig article (The Post COVID World) , three is "Two Reset Articles with quotes," and four is the 212 page book on The Great RESET. These last three articles are attached just like this intro is.

Notes:

- A. The Post COVID World is the Koenig article and exposes what the RESET paper says they are going to do – "A Horrifying Future." The Koenig article is an outline of the white paper.
- B. The Two Reset Articles have some comments about John Kerry and quotes from the COVID-19 .PDF file. There is also a URL on page one for the Great RESET, or
- C. Have attached the whole 212 page book so you can read for your self to see how bad this really is.

Comments:

In the two page "Two Reset Articles with quotes" I want to point out by five examples of what these folks are saying. Pretty easy to just look at the Contents and get a feel for their vocabulary. These people have been good at telling us what they are going to do, what they believe, and are damn convenient with brainwashing. Notice **I have highlighted some of these words** and phrases just to get you going.

[Without any inclination or animosity toward these left-leaning bastards, I want to point out the last quote on page two "we are doomed." Then, he has the unmitigated audacity to quote BHO with "the better angels of our nature." I must tell you, I almost puked. These guys are all in the same s*&^ hole.]

Wish I had some verbal commands to sound the cry here. There has to be some words for us to DIVE! and sound the ALARM! to tell the world of our MAYDAY!

What would you say?

gh

John Kerry: Biden Presidency Would Advance NWO ‘Great Reset’ With ‘Speed’

NOVEMBER 26, 2020

‘I personally believe ... we’re at the dawn of an extremely exciting time,’ Joe Biden’s special presidential envoy for climate said.

by *Patrick Delaney*

Former U.S. Secretary of State John Kerry has assured the elites of the World Economic Forum (WEF) that a Joe Biden presidency would quickly advance the globalist “Great Reset” agenda* “with greater speed and greater intensity than many might imagine.”

Kerry made his remarks on Tuesday last week during a virtual “COVID Action Platform” panel discussion hosted by the WEF.

Page 78, 1.3.4. The social contract

Youth activism is increasing worldwide, [74] being evolutionized by social media that increases mobilization to an extent that would have been impossible before. [75] It takes many different forms, ranging from non-institutionalized political participation to demonstrations and protests, and addresses issues as diverse as climate change, economic reforms, gender equality and LGBTQ rights. The young generation is firmly at the vanguard of social change. There is little doubt that it will be the catalyst for change and a source of critical momentum for the Great Reset.

The more nationalism and isolationism pervade the global polity, the greater the chance that global governance loses its relevance and becomes ineffective. Sadly, we are now at this critical juncture. Put bluntly, we live in a world in which nobody is really in charge.

Our consumption patterns changed dramatically during the lockdowns by forcing us to focus on the essential and giving us no choice but to adopt "greener living" .

The same reasoning applies to many different domains like flying to a meeting (Zoom is safer, cheaper, greener and much more convenient), driving to a distant family gathering for the weekend (the WhatsApp family group is not as fun but, again, safer, cheaper and greener) or even attending an academic course (not as fulfilling, but cheaper and more convenient).

The examples of previous pandemics are not very encouraging, but this time there is a fundamental difference: we are all collectively aware that without greater collaboration, we will be unable to address the global challenges that we collectively face. Put in the simplest possible terms: if, as human beings, we do not collaborate to confront our existential challenges (the environment and the global governance free fall, among others), we are doomed. Thus, we have no choice but to summon up the better angels of our nature.

The Post Covid World, The WEF's Diabolical Project: "Resetting the Future of Work Agenda" – After "The Great Reset". A Horrifying Future

November 27, 2020

by Peter Koenig, [Global Research](#):

The World Economic Forum (WEF) has just published (October 2020) a so-called White Paper, entitled "[Resetting the Future of Work Agenda – in a Post-Covid World](#)".

This 31-page document reads like a blueprint on how to "execute" – because an execution (or implementation) would be – "Covid-19 – The Great Reset" (July 2020), by Klaus Schwab, founder and CEO (since the foundation of the WEF in 1974) and his associate Thierry Malleret.

They call "Resetting the Future" a White Paper, meaning it's not quite a final version. It is a draft of sorts, a trial balloon, to measure people's reactions. It reads indeed like an executioner's tale. Many people may not read it – have no awareness of its existence. If they did, they would go up in arms and fight this latest totalitarian blueprint, offered to the world by the WEF.

It promises a horrifying future to some 80% -plus of the (surviving) population. George Orwell's "1984" reads like a benign fantasy, as compared to what the WEF has in mind for humanity. The time frame is ten years – by 2030 – the UN agenda 2021 – 2030 should be implemented.

Planned business measures in response to COVID-19:

-) An acceleration of digitized work processes, leading to 84% of all work processes as digital, or virtual / video conferences.
-) Some 83% of people are planned to work remotely – i.e. no more interaction between colleagues – absolute social distancing, separation of humanity from the human contact.

- J About 50% of all tasks are planned to be automated – in other words, human input will be drastically diminished, even while remote working.
- J Accelerate the digitization of upskilling / reskilling (e.g. education technology providers) – 42% of skill upgrading or training for new skills will be digitized, in other words, no human contact – all on computer, Artificial Intelligence (AI), algorithms.

- J Accelerate the implementation of upskilling / reskilling programs – 35% of skills are planned to be “re-tooled” – i.e. existing skills are planned to be abandoned – declared defunct.
- J Accelerate ongoing organizational transformations (e.g. restructuring) – 34% of current organizational set-ups are planned to be “restructured” – or, in other words, existing organizational structures will be declared obsolete – to make space for new sets of organizational frameworks, digital structures that provide utmost control over all activities.
- J Temporarily reassign workers to different tasks – this is expected to touch 30% of the work force. That also means completely different pay-scales – most probably unlivable wages, which would make the also planned “universal basic salary” or “basic income” – a wage that allows you barely to survive, an obvious need. – But it would make you totally dependent on the system – a digital system, where you have no control whatsoever.
- J Temporarily reduce workforce – this is projected as affecting 28% of the population. It is an additional unemployment figure, in disguise, as the “temporarily” will never come back to full-time.
- J Permanently reduce workforce – 13% permanently reduced workforce.
- J Temporarily increase workforce – 5% – there is no reference to what type of workforce – probably unskilled labor that sooner or later will also be replaced by automation, by AI and robotization of the workplace.
- J No specific measures implemented – 4% – does that mean, a mere 4% will remain untouched? From the algorithm and AI-directed new work places? – as small and insignificant as the figure is, it sounds like “wishful thinking”, never to be accomplished.
- J Permanently increase workforce – a mere 1% is projected as “permanently increased workforce”. This is of course not even cosmetics. It is a joke.

This is the what is being put forth, namely the concrete process of implementing The Great Reset.

The Great Reset also foresees, a credit scheme, whereby all personal debt would be “forgiven” – against handing over all personal assets to an administrative body or agency – could possibly be the IMF.

So, you would own nothing – and be happy. Because all your necessities will be provided for.

See page three to finish the article text:

Also, it should not occur to you to disagree with the system, because – by now each one of you has been covid-vaccinated and nano-chipped – so that with 5G and soon to come 6G, your mind can be read and influenced.

Please do not call this a conspiracy theory. It is a White Paper, an “authoritative report” by the WEF.

DARPA – Defense Advanced Research Projects Agency, is part of the Pentagon –and has years ago developed the technology. It is just a matter of time to implement it. And Implemented it will be, if We, The People, do not protest — Massive Civil Disobedience is of the order – and that rather sooner than later.

The more we wait with action, the more we sleepwalk into this absolute human disaster.

Social and human relations are being eviscerated.

This has several advantages for this novel “totalitarian” WEF approach to humanity – to controlling humanity.

– We, The People, cannot rebel, we have no longer cohesion among ourselves,

-“We, The People”, will be played against each other – and there is an absolute digital control over humanity – executed by a small super elite.

-We have no access to this digital control – it is way beyond our reach. The idea is, that we will gradually grow into it – those of us who may survive. Within a generation or so, it is expected to become the *New Normal*.

The “survival angle” is an aspect not mentioned directly either in The Great Reset, or in the “Implementation Guide” – i.e. in the White Paper “**Resetting the Future of Work Agenda – in a Post-Covid World**”.

Bill Gates, the Rockefellers, Kissinger *et al*, have never made a secret out of **their strong opinion that the world is over-populated** and that the number of people has to be literally reduced. We are dealing with eugenicists.

A perfect method for reducing the world population, are Bill Gates initiated, and WHO-supported vaccination programs. Scandals of such disastrous vaccine programs resulting in children’s death were recorded in India (in the 1990s), Kenya (2014 and thereafter) and other parts of the world.

See also a very revealing TedTalk by Bill Gates of February 2010, “[Innovating to Zero](#)”, just about at the time when the “2010 Rockefeller Report” was issued – the very report that has given us so far, the “**Lock Step Scenario**” – and we are living it now. Hardly protesting it – **the entire world** –

193 UN member countries – has been coopted or coerced into following this abject human rights abuse on a global scale.

What either report, The Great Reset and the “Resetting the Future of Work Agenda” fails to mention is who is going to enforce these draconian new rules? – They are supposedly the same forces which now are being trained for urban warfare and for suppressing riots and social unrest – they are the police and the military.

Part of our People’s Organization of Civil Disobedience, will be on how to focus on and talking to, educating, informing the police and military of what they will be used for by this small elite, and that in the end they are also just human beings, like the rest of us, therefore they better stand up in defense of the people, of humanity. The same needs to be done to teachers and medical personnel – information, the unfettered truth.

That’s the challenge. If we succeed – the game is over. But it’s a long way.

Media disinformation is brutal and powerful and hard to contradict for “us”, without a sizable budget for counter-propaganda, and as a group of people, which is ever more divided by the very media. The mandatory wearing masks and social distancing – has already made enemies of what we used to be, colleagues, friends, even within families.

This very diktat has managed to create rifts, divisions and discord within our societies

No fear – but shredding “Resetting the Future of Work Agenda” and the “The Great Reset” literally to pieces – with a human alternative that would do away with organizations like the WEF, and coopted UN agencies, like WHO, UNICEF, WTO, World Bank, IMF – and maybe even the entire UN system. Political and business leaders behind this project must be confronted. The fundamental principles of international law including Nuremberg must be applied. *end of article*
