

PATCHES BY JIMMY HEARTSILL

This folder is to display some of the most famous patches in Jim's collection of patches.

Along with showing or demonstrating these patches some will be displayed with the history behind the patch.

This very personal collection is shown on this Web site and is shown with pride for the services the patches reflect.

At the present time none are for sale.

Leading the list is the 45th ID from **Oklahoma!**

The top picture is from our Patton paper and is

THIRD US ARMY CORPS AND DIVISIONS

1 August 1944 to 9 May 1945.

The patches below the picture are Jim's collection of the same patches.
